April 2005

Motorized Route Designations –East Alternative B

Map uses baseline of existing routes based on several digital databases and field inventory conducted in 2001. Designated routes across BLM administered lands would be open for motorized travel by wheeled vehicles either yearlong or seasonally if access is available to the public. Routes shown as designated across State lands are intended to show desirable access and would be coordinated with appropriate state agencies. Routes already designated as open across State lands by the Interagency Travel Plan would remain open even if not indicated on this map.
